box culvert, (where wings are

included in box culvert item),;

DETAIL A Scale: None

(See note 2 below)

2. If in the length of a wall the type of wall changes and provides for a different thickness of stem, then "Detail A" shall be used for all walls of APPROVAL

greater than the least wall thickness. 3.Contractor has option of lapping main stem reinforcement with rear dowel reinforcement as shown; or by extending the rear dowel reinforcement with no splicing.

However, no additional compensation to Contractor will be allowed for whichever alternative is selected.
